The screenshot displays a calendar interface with a grid of appointment cards. Each card contains patient initials, a number, and a description. A yellow arrow points from the 'PS 6 npex & hyg' card to a tooltip indicating the next appointment date and duration. The appointments are as follows:

Initials	Number	Description

MR	A	sc 6m perio RC? ALL CODES COVD PER EST RA

Once you have booked the next appt, you can go to their current appt. If you hover over the calendar, it shows you their next appt date. If you click on the calendar, it takes you to that next appt in RNA180. (see next slide)
